

Troop 399 went to Resica Falls (7/10 to 7/16). The camp had 700 scout's that week, however, you could not tell it was that full. There was plenty of food for everyone though they were a bit behind schedule. The staff did a great job keeping things running smoothly. Our Troop had 30 scout's, 5 leaders and 2 dad's (who did half weeks). 13 boy's were in the Dan Beard program and learned alot of scout skills. They also did the swimming and fingerprinting merit badges. The older boys found plenty of badges they could work on. As a troop we took 2 day trips. The canoe trip down the Delaware went easily. The staff was very helpful and the boys enjoyed swimming in the river. We hiked the "Blue Trail" to Little Falls and Cool Dip, where the boys enjoyed swimming. Along the hike we saw 1 bear and while swimming we had the opportunity to see a bald eagle. I would like to commend the pool staff for their great job handling so many scouts. We had a great week at Resica Falls and this has become one of our favorite camps.
